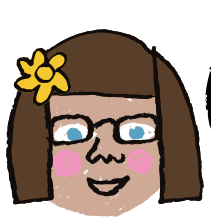
How does RADARS work?



I am a radar.
When I think one of my neighbours might be at risk or feeling lonely without wanting to...

I contact...
932 915 884
radarsgentgran@bcn.cat

We are volunteers.
We call elderly people and invite them to take part in activities.

We respond through Social Services and other local facilities.

Thanks for helping me get to know people and participate in neighbourhood life again.

If you would like to take part in the **RADARS** *project, send an email to radarsgentgran@bcn.cat or call us on 932 915 884*

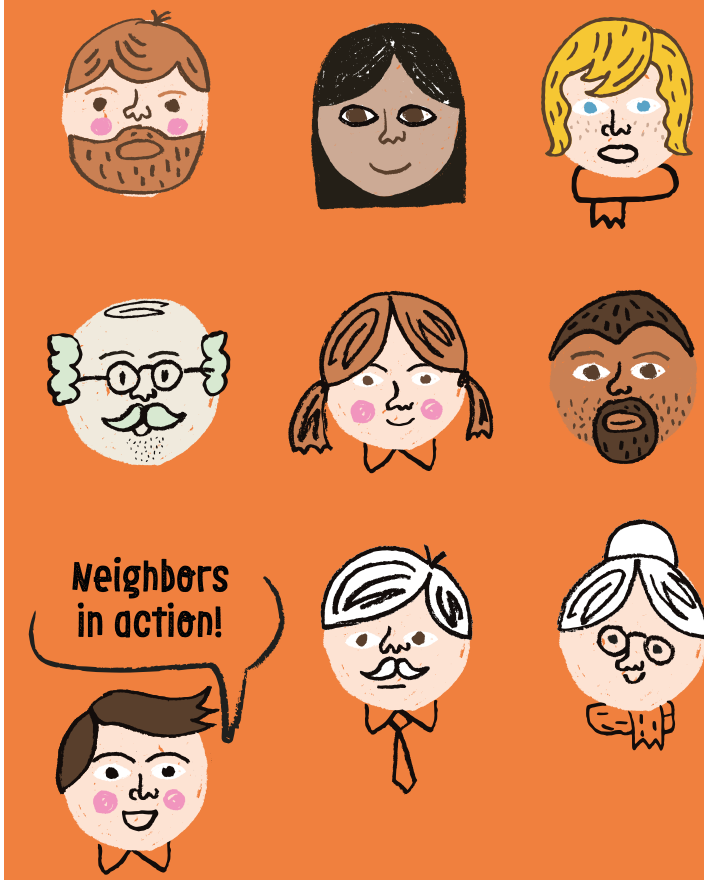
A SENSITIVE AND RESPECTFUL LOOK

RADARS

Making elderly people part of the neighbourhood



Barcelona

More than a fifth of the population of Barcelona is over 65 years old.

One in three people over 75 live alone.

Unwanted lonelinesscan have a devastating effect on the health, well-being and quality of life of the elderly.

Loss is more common in old age and can lead to difficulties adapting and an increasing feeling of loneliness.

What is RADAR?

Radars is a community project promoted by Barcelona City Council's Social Services to mitigate the effects of unwanted loneliness and prevent situations of risk for the elderl.

We work with local people, shops, chemist's, volunteers, organisations and facilities to transform neighbourhoods into**safe**, **human** and **participative communities**

Would you like to be a Radars user?

Do you live alone or with another elderly person and feel lonely?

Do you live with a dependent person?

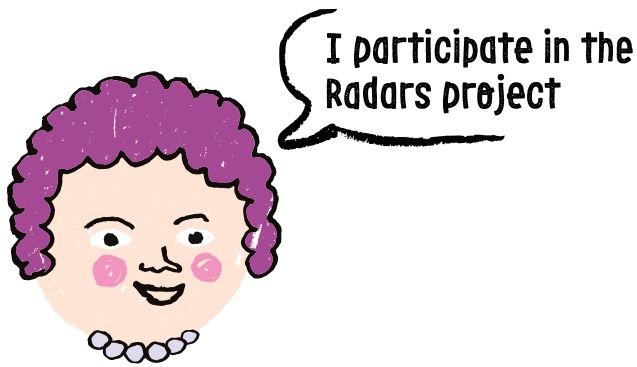
Would you like to enrich your personal relationships?

Call us on 932 915 884

Email us at radarsgentgran@bcn.cat

Go to your local Social Services centre and ask for more information

Ask for information at your Primary Healthcare Centre (CAP)



Take part in the Radars community

Become a radar

Pay attention to the dynamics of elderly people around you, taking a sensitive and respectful look. If you notice any change in their behaviour or appearance, or you think that they might be lonely, get in touch with Radars.

Get actively involved

You can also get involved in the project's various participation and volunteering spaces.

Get in touch with us and we'll tell you more.
