

# 42 | BARCELONA FANTASTIC GENRE FESTIVAL

2-6 Nov. 2022  
Fabra i Coats

# 42

*Are there many realities or just one?*

At Festival 42, everyday life gets filled with spirits, spaceships, terrifying creatures, and bloodthirsty dragons... In other words, it gets invaded by alternative realities that offer a glimpse of a disturbing world.

A host of great authors – from the most established names to the most innovative newcomers – will whisk you away to a fantastical world made of literary fiction, comic strips, stimulating audiovisual creations that practically jump out of the screen, and, this year, reflections on the relationship between fantasy and mental health.

Come here to dream... or to experience a different reality.
